

28 YEARS MARINEPOOL

Ice Sailing – it is the point where summer and winter pleasure collide – but one thing remains the same: passion for the maritime lifestyle and those rare memories of our childhood from ice sailing trips at frozen lakes! The Marinepool collections are designed with all the experience and expertise gained over more than 28 years in the area of performance sailing clothing and are the authentic match to the technical clothing lines. The smart casual Marinepool winter collection presents a sportive and contemporary look for men and glamorous feminine look for women, perfect for an ice sailing trip, a walk along the snowy water front and of course for evenings in the cosy atmosphere of an open fire place. The Marinepool winter collection offers an authentic crossover of function and fashion.
